Version 10 – May 2019
What to do in an emergency

In emergency situations the young person must attend the nearest 24 hour A&E unit or call 999

Following admittance into A&E:
- A mental health professional will assess the young person following a medical assessment by A&E staff
- Depending on the age of the young person, this may be a professional from CAMHS (Child & Adolescent Mental Health Service) or Adult Mental Health Team
- If the young person needs ongoing mental health input, a referral to the appropriate team will be made by the assessing professional

Worried about a child

If you are worried about the welfare or safety of a child it is very important that you contact us.

Salford City Council and partners have a multi-agency hub called the Bridge Partnership that screens all contacts concerning the welfare or safety of a child to children's services.

The Bridge can be contacted by telephone on 0161 603 4500, alternatively you can complete an online referral form
Introduction

Emotional Health in Salford

Emotional health and wellbeing (EHWB) is everyone’s business. Emotional health and wellbeing can be supported through good parenting, quality experiences in school and through leisure and social engagement. EHWB needs arise for most children and young people at some points in their lives and this is ‘normal’ and access to information and advice or support from family/friends usually helps. However, some children and young people may experience needs and difficulties that are severe and chronic and they will need more targeted or specialist advice and support.

We recognise that many people, including professionals and volunteers who are working with children and young people, and friends and family members or carers are best placed to recognise the signs of declining mental health and wellbeing.

The Directory had been designed to reflect the THRIVE model which has been adopted by Salford to deliver services under the following headings:

- Getting advice
- Getting help
- Getting risk support
- Getting more help

The directory will help you access useful information about different types of resources that are available to support children and young people’s emotional health and wellbeing and to provide guidance with making a referral into appropriate services.

Achieve has a dedicated team who work closely with young people up to the age of 25 offering support, information, harm reduction interventions and specialist substance misuse treatment. The team are co-located with the Integrated Youth Support Services, The Young Father Service and the Youth Offending Service.

Achieve provides the Early Break Holding Families programme which offers structured interventions to children, parents and families with problems associated with parental substance misuse.

The Achieve Young People team work in partnership with other services such as local schools, Youth Offending Service, CAMHS etc. in supporting young people who are using substances. The team use a variety of interventions to reduce the harm caused by substance misuse on the emotional, physical health and wellbeing of young people. These interventions can range from education and 1:1 confidential support to Blood Borne Virus vaccinations and prescribed treatment, depending on need.

**Support available**
Advice and information on substance use and reducing substance misuse related harm and on your alcohol and drug intake; group support; access to inpatient and home detoxification

The ADHD Foundation offers a service for families living with and impacted by ADHD, the Foundation is the leading agency for the provision of training for education and health professionals across the UK.

As a patient service, our aim is to ensure the emotional health & wellbeing of those affected by ADHD through a graduated, needs led, multi modal service that enables service users and reduces dependencies.

This objective is achieved through knowledge, skills, social prescribing and a holistic approach to enable service users to become psychologically resilient, adopt lifestyle changes that habitually improve emotional and physical well-being and in so doing, improve life chances across a range of indices.

Support available
- 1-2-1 / online information, advice & guidance
- Psycho educative programmes
- Systemic Family Therapy
- Early Years Therapeutic support
- Cognitive behavioural Therapy
- Diagnostic assessments & prescribing
- Educational Psychology Assessments for Dyslexia, Dyspraxia & Dyscalculia
- Coaching psycho educative support for adults
- Transition support groups for 14-19yrs
- Traded services for schools
- Participation opportunities for service users
- Training programmes including ADHD, Autism & Attachment; Anxiety and Stress Management

The Chapman Barker Unit is a 26 bed regional detoxification inpatient unit that offers a truly unique, medically managed and recovery-focused treatment for men and women with substance misuse problems.

We believe that each person with a drug and/or alcohol problem is unique and as such should be offered treatment programmes that are individually designed to meet their needs.

The unit has two admission pathways, pathway one is planned admissions for service users with complex substance misuse problems and co-existing physical and mental health concerns, and the second pathway is RADAR. At Greater Manchester West we are home to the UK first RADAR referral pathway (Rapid Access Detoxification Alcohol hospital) this pathway is a bespoke 5-7 day rapid alcohol detoxification programme.

**Support available**

The Community Engagement Recovery Team (CERT) helps to enhance and maintain service users’ role in society, including supporting them into continued employment.

Our aim is to improve the quality of mental health and wellbeing of our service users.

We proactively support those who are seeking employment, we encourage service users to develop social contacts and promote independence, which can be a factor in preventing both physical and mental health difficulties. The ethos of CERT (a non-clinical team in a clinical organisation), is to think outside traditional roles within the caring profession and have a ‘can do’ attitude.

**Support available**
- Retaining their current employment and have successfully returned into work after a period of sickness.
- Successfully winning disability tribunal appeal hearings for service users
- Support welfare benefit claims (new and renewals)
- Support service users to gain paid employment.
- Work placements and volunteering roles

**Age range** 18+

Critical Incident Team

The Educational Psychology Service work in schools, early years settings and colleges to offer support in the event of a Critical Incident.

A critical incident is an event that impacts on the school community e.g. the sudden death of a pupil or teacher. The team work to enhance the school’s own support and coping strategies following a critical incident, and to help the school to understand and manage the range of responses to the incident.

In the event of a Critical Incident the EPS Critical Incident Team will offer schools;

- Phone advice / guidance.
- School visit, within 24 hours of the request to support in school response to the incident. This visit will usually be made by 2 educational psychologists. They can provide guidance on immediate, medium-term and long-term action relating to the specific incident. The aim will be to support school leadership to support their children, staff and parents.

Further work may also be agreed, e.g.

- A briefing to all school staff
- Small group work with the school staff most affected
- A drop-in session for parents
- Follow-up visits / phone calls to the Headteacher

Support available

Advice; support; training; consultation for professionals

Age range

Up to age 25

Referral route

Professional referral only - Service can be accessed via the school SENCo.

Early Help (Locality Team)

Early intervention tackles the causes of poor outcomes for children and their families, shifting the focus from dealing with the consequences of difficulties to preventing things from going wrong in the first place.

There are four locality teams within Salford. Each team is made up of staff from different professional backgrounds including Early Help Practitioners, Brief Intervention Officers and Skills & Work specialists.

We can provide:
- Parenting advice (parenting courses)
- Home safety (assessment & equipment where certain criteria is met)
- Welfare rights, advice & support
- Debt support & advice
- Support and signposting for more complex issues such as domestic abuse and substance misuse
- Support to prevent family breakdown (including brief intervention programme and family group conference)
- Reducing the risk of permanent exclusions from school

Support available
The service offers a range of evidence based interventions and service, support for families to make positive changes, brief intervention, evidence based parenting programmes.

Educational Psychologist Service

The Educational Psychology Service work in schools, early years settings and colleges to identify, support and monitor children with additional needs to promote learning and inclusion.

Educational Psychologists will work directly with individuals where school staff have highlighted concerns about an individual child’s well-being. This is usually for the purpose of gathering information to inform advising those who know the child, but could also involve a time limited number of individual therapeutic intervention sessions.

The service also offers group interventions and support programmes at the request of schools including motivational interviewing groups, coping power, circle of friends, friends, pyramid clubs and more.

The Educational Psychology Service have developed the [Emotionally Friendly Schools Programme](https://www.partnersinsalford.org/youngemotionalhealth) to self-evaluate how emotionally friendly they are and support schools to set themselves an action plan to develop and improve in this area.

**Support available**
Assessment of the child using observation, interviews and test materials. Educational psychologists offer a wide range of appropriate interventions, such as learning programmes and collaborative work with teachers or parents.

**Age range**
Up to age 25

**Referral route**
Professional referral only - Service can be accessed via the school SENCo.

Family Nurse Partnership (FNP) is a free and voluntary program for first time mums (and dads). A specially trained family nurse visits the young person regularly; from early pregnancy until the child is two.

We service can support the following:

- Personal health – building positive health practices
- Environmental health – Managing home and neighbourhood to ensure healthy child development
- Life course development – working towards future aspirations including education and employment
- Maternal role – developing skills and knowledge, promoting the health and development of their child
- Family and friends – developing the skills to build positive relationships and enhance social support
- Other health and human services – enabling access to services.

The Family Nurse Partnership Program aims to enable young mums to:

- Have a healthy pregnancy
- Improve their child’s health and development
- Plan their own futures and achieve aspirations

**Support available** The FNP program is delivered by specially trained nurses. They use carefully designed materials, activities and evidence-based approaches within home-visits.

The Chameleon Project is a bereavement counselling service working with children, adolescents and their parents.

The service can offer practical support and guidance to families, individuals, professionals and anyone concerned about a grieving child. They believe that the right support at the right time can enable a young people and adults to find a way to live with their grief and rebuild a positive future.

The centre provides a needs-led therapeutic service for Salford children and families, as they begin to explore their unique process of adjustment following bereavement.

Children and young people often find it difficult to speak directly about their thoughts and feelings, and so play is used as an effective communication tool to facilitate symbolic expression and appear less threatening. Sessions usually take place each week or fortnight in an environment where the young person feels most comfortable e.g. home or school, and it is not a time-limited service so once contact has been established, the intervention will continue for as long as it is felt to be effective and necessary.

The Gardener Unit caters to young people with serious mental illness or concern of a significant psychiatric disorder with significant levels of risk. These will be young people who require assessment and/or treatment and/or rehabilitation, and who could not otherwise safely receive this in a non-secure hospital setting or custody setting.

The service aims to maximise young people’s hope about their future, enabling them to develop safe autonomy, and promoting opportunities for positive achievement. The unit is recovery oriented with recovery being client-centred. The Gardener Unit team recognise the unique and diverse needs of young people and provide quality residential care.

The unit contains ten- beds and is for boys between the ages of 11 and 18 years. Within the unit is a purpose built intensive care facility.

The multi-disciplinary team work within the Care Programme Approach (CPA). Wherever possible this involves working closely and collaboratively with the young person, involved professions, other agencies, families and carers.

Support available  
Adolescent Forensic Mental Health Assessment is multi-disciplinary, comprehensive and holistic; this includes psychiatric, neurological, psychological and educational assessments. Treatment interventions are cognitive-behavioural in emphasis and also draw upon psychodynamic therapies.

Greater Manchester Victims’ Services provides support for all victims of crime. They act as the gateway to victims’ services, and work to ensure that victims receive the right support at the right time in the right way. This service is commissioned to the independent national charity Victim Support.

Eligibility includes any of the following, and more:
- Children over the age of four who have been affected by a crime
- Witnesses or indirect victims who have been affected by a crime e.g. family / friends / parents / neighbours / children / professionals etc.
- Victims / families who chose not to report to police/authorities
- Those affected by any and all criminal incidents
- Bullying – where the incidents can be interpreted as a crime (such as harassment, violence, intimidation). These do not need to have been reported to an authority for support to be accessed.
- Victims with no recourse to public funds

**Support available**
- Face to Face Support – this is available for children (with or without parents/carers present); Telephone Support; Information about personal safety; Advocacy

**Age range**
- Children over the age of four who have been affected by a crime

**Referral route**
- Self-referral / professional referral

GPs & Practice Nurses

*Back to thematic list*

GPs deal with a whole range of health problems. They also provide health education, offer advice on smoking and diet, run clinics, give vaccinations and carry out simple surgical operations.

GPs usually work in practices as part of a team, which includes nurses, healthcare assistants, practice managers, receptionists and other staff. Practices also work closely with other healthcare professionals, such as health visitors, midwives, mental health services and social care services.

GPs surgeries can be found locally across Salford. GPs provide care during what are known as core hours from 8am to 6.30pm.

You can make an appointment with your practice for medical advice, examinations and prescriptions. GPs also provide an out-of-hours service - just ring your normal GP's number. You should make an appointment with your local GP when you have an illness or injury that will not go away.

**Age range**  
All ages

**Referral route**  
To access your local GP practice you will need to register with the practice

**Website**

**I-Start (Stronger and resilient together)**

*Back to thematic list*

I – START is a pilot that is running for 18 months that aims to understand the effectiveness of emotional health and well-being screening for children and young people who are newly LAC.

Mental health professionals will screen all children and young people in care who are in care for longer than 6 weeks.

They will screen CYP for as to whether the child is coping with being taken into care, or whether they need any additional help in order to feel emotionally healthy within their placement.

If the screening shows possible emotional health needs then mental health professional will do specialist health assessments to determine the best course of support for the child or young person.

The specialist information is used to signpost into CAMHs for LAC services to ensure children get emotional health support as soon as is possible, and it is also used to inform individual care plans.

The I-START team also advise carers and professionals who may be working with the child/young person.

**Age range** 5-18 years

**Referral route** Professional referral only – via SDQ analysis

**Address** Salford Civic Centre, Chorley Road, Swinton, M27 5DA

Maternity Services

Saint Mary’s Hospital provides maternity services for women living in central Manchester, Trafford and Salford with primary, secondary and tertiary obstetric care. The hospital is renowned both regionally and nationally for its clinical, research, fetal and maternal medicines services.

The models of care provided to women are both consultant and midwifery led with an established midwifery led team delivering care to low risk women and a multidisciplinary team comprising of obstetricians, midwives, anaesthetists, neonatologists and physicians providing care to women with specialist fetal and maternal needs.

The service can support, and where appropriate, make referrals with the following:

- Stress in pregnancy
- Low birth weight
- Parental mental illness (including post natal depression)
- Supporting the emotional and social wellbeing of the infant.
- Teenage pregnancy

Support available

Antenatal assessment units at Saint Mary’s Hospital and Salford Royal.

The PANDA Unit (Paediatric Assessment and Decision Area) provides dedicated emergency and short stay care for children less than 16 years of age.

This is a consultant-led service within which children can be assessed, investigated, observed and treated within 24 hours and without recourse to inpatient areas. The unit also provides a Tier 2 Paediatric referral service for residents of Salford, or those patients with a Salford GP.

Gate-keeping by Paediatric and Emergency Medicine Consultants ensures that over 96% of attendees are currently discharged home direct from the Panda Unit.

Early discharge is supported by a dedicated team of children’s community nursing staff that support integrated care between Panda and primary care services.

Portage Service

Portage Home Visitors, visit children and families at home, working in partnership with parents/carers to develop play based activities that support all areas of development.

Portage Home Visitors will use information from parents, observations and appropriate assessment tools to identify goals for future learning. They will work closely with other practitioners to ensure a consistent approach to the child’s learning development.

Home Visitors focus on the development of play, communication, relationships and learning for young children.

Portage Home Visitors may loan toys and equipment to families. Home Visitors will also provide guidance and information to families, e.g. choosing suitable toys, adapting toys and signposting to specialist suppliers.

**Support available**

- Provide support, advice and guidance
- Support parents to acquire the skills necessary to promote their child’s development
- Develop strong partnerships with parents and practitioners
- Support the inclusion of children with additional needs into early years provision/school
- Provide training and support to other Early Years practitioners

Primary Inclusion Team (SEMH)

We are a team of teachers and Learning Support Assistants (LSAs) who are all currently working with children who present with challenging behaviour in Salford schools.

Core offer: Our team will work closely with primary schools across Salford to offer support using a holistic approach, with an emphasis on early intervention. We have a SEMH resources lending library based at Lewis Street Primary School filled with books, interventions and resources for schools to borrow for free for half a term.

Package of CPD

- Strategies to support SEMH needs within the classroom
- Introduction to Attachment Theory
- Using nurturing interventions to support emotional development
- Assessing SEMH needs
- Ready for school: promoting positive behaviour in EYFS
- Key speaker events; bespoke INSET and staff meetings, training for teachers, support and welfare staff.

Pupil Interventions: We cover self-esteem, anxiety, social skills, managing anger and early play. We will support you in completing relevant assessments to show impact and leave staff with a follow-up cycle of lesson plan ideas. All of our interventions can be tailored for EYFS, KS1 and KS2.

Age range 3-10 years

Referral route We only accept referrals from primary schools in Salford

The Prince’s Trust helps 13 to 30 year-olds who are unemployed or struggling at school to transform their lives. More than three in four will achieve a positive outcome, moving into jobs, education and training.

Many of the young people we help are in, or leaving care, facing issues such as homelessness or mental health problems, or have been in trouble with the law.

Our free programmes give young people the practical and financial support they need to stabilise their lives. We help them develop key skills while boosting their confidence and motivation.

Our programmes support personal and social development through a range of activities which helps young people to build confidence, aspirations and resilience to enable progression into positive outcomes around education / training / employment.

Support available

The Prince’s Trust, while not a specialist mental health service, does deliver programmes that support emotional health and wellbeing.

Our programmes support personal and social development through a range of activities which helps young people to build confidence, aspirations and resilience to enable progression into positive outcomes around education / training / employment.

Salford Foyer

Salford Foyer is a supported housing scheme for 16-25 year olds. We provide a service for 39 young people including four teenage parents, providing support with money management, job searching and accessing education/training.

Support available

With Places for People Living+ you gain so much more than a place to live. Whatever support you need, we want to help you lead an independent life, feeling confident, happy and secure. This could mean providing a home that’s exactly right for you, or giving you the support you need to deal with any care needs or difficulties you may have. Or it might just mean a friendly chat, and a few practical tips to make your life easier and happier. If you need to find a job or get on a training course, we can help with that too. And we can advise you on many other aspects of life – like looking after your home and money, saving on your energy bills, and getting involved with your local community.

We’re here to help you get more out of life, and to change it for the better.

Each young person is assessed before they move in and a support plan is created. Project Workers support the individual based on this plan.

Age range 16-25 years

Referral route Young people should refer through the homeless pathway by contacting Liberty House – 0161 4920191

Salford Early Intervention Team

The Early Intervention Service is a specialist service providing support to people aged 14 to 35 who have experienced a first episode of psychosis. The Early Intervention Service aims to address problems at the earliest opportunity to reduce the impact on a person’s quality of life.

The focus of the service is on ensuring that the needs of the service user come first. Each person will be encouraged to think about what ‘recovery’ means for them and what help they need to work towards this.

Working in partnership with the person and their family, the service will offer support to help them to work towards their unique recovery goals.

Support available

- Access to a range of ‘talking therapies’, including Cognitive Behavioural Therapy (CBT)
- Support for families and carers
- A range of social, leisure and therapeutic groups
- Access to medication and support with managing medication
- Support and advice about housing and benefits
- Support in getting back to school, college, university and work
- Support to establish social and leisure activities that are important to you

Age range

14-35 years

Self Help Services

Self Help Services is a user-led mental health charity, providing services across the North West. We offer a wide range of support and services for young people and adults living with mental health difficulties such as anxiety, depression, phobias and panic attacks.

In Salford we offer e-Therapy (online CBT), the e-Therapy service is free and has no waiting list. Once a referral has been received the assessment appointment will usually take place within a maximum of 14 days.

e-Therapy is a an online Cognitive Behavioural Therapy (CBT) programme aimed at:

- Helping people experiencing common mental health problems such as anxiety, depression or insomnia.
- Focuses on helping people to understand how their thoughts impact on their feelings, physical symptoms and behaviour
- Delivers techniques and strategies to help people cope better with negative thoughts, feelings, low mood and anxiety
- The 6-8 weekly sessions are supported by a service coordinator.

School Nursing

When your child starts school, the school nursing service takes over their care from their health visitor.

The health visitor will give us your child's health records and they'll stay with us until your child is 19.

We'll help to make sure that children and young people with disabilities, long-term illnesses or other needs can receive extra support when they need it. If we can't provide the help ourselves, we'll put you into contact with someone who can.

School nurses are based in your local clinic / area and are accessible Monday to Friday between the hours of 8.30am and 5.00pm.

Support available
Health promotion and education, emotional health and wellbeing support, health assessments, parenting and family advice, childhood injections.

Six Degrees is a Community Interest Company (CIC) specifically set up to provide mental health support to people suffering from common mental health problems such as anxiety and depression.

We provide 1:1 talking therapy for people who are struggling with common mental health problems such as depression or anxiety.

Following your referral you will be invited to attend an initial appointment, this appointment will normally be with a Psychological Wellbeing Practitioner (PWP). The purpose of this appointment is to try to pin-point your current problems and to help you to consider how you might deal with the difficulties you may have.

In these sessions you will be given space to explore new ways of tackling issues that you may feel ‘stuck’ with. Typical interventions might include increasing your activity and motivation, relaxation work or problem solving, to help you think about new solutions to your life problems.

We also run courses and groups that you can access by talking to your therapist if you want to.

The Speech and Language Therapists work in close partnership with families and carers, as well as other professionals, to provide the best possible help for children with communication difficulties.

Some of the people we help:

- Newborn babies with feeding or swallowing difficulties
- Pre-school children who have difficulties with development of communication / speech / language and feeding.
- School aged children whose communication difficulties are affecting their education and/or social development
- Children who stammer
- Teachers who want to know the best way to support children with communication difficulties in their classrooms.

Good communication is key to management of behaviour and by knowing what a child understands, appropriate behaviour management is facilitated. Children with communication difficulties can have difficulties in expressing themselves and this can lead to inappropriate behaviour / frustration and poor self-esteem.

Support available

Therapists will work with families carers and education staff to provide direct therapy as well as support, advice, training and onward referrals as required

Age range
0-18 years

Referral route
Self-referral / professional referral

Address
Sandringham House, Castle Courts, Windsor Street, Salford, M5 4DG

Telephone
0161 212 4020 / 4037

Start in Salford

Back to thematic list

Start in Salford exists to nurture those talents and bring about a newfound confidence in those who feel isolated or excluded. With our help, members learn valuable new skills and their stories are truly inspirational.

From our centre at Brunswick House, members have access to some excellent facilities, including art and media studios, craft workshops and gardens.

It is here that professional tutors bring out the best in our members, so that they can grow in confidence, build self-esteem and become valued contributors to the wider community.

Start Youth Arts can help you learn new skills, change your perspective and grow in confidence. If you’re feeling excluded from society or having trouble at school, it can seem like everyone just wants to shut you away. The Start Youth Arts programme – aimed at young people between the ages of 5-18 – can help you get back on the right track.

Through our series of artistic workshops, you’ll pick up new life skills and be guided back into mainstream education, vocational training or employment. All our workshops are given in a supportive and friendly atmosphere, and geared towards your specific needs.

Support available  Workshops and activities
Age range  5-18 years (Salford Youth Arts)
Referral route  Self-referral
Address  Start in Salford Creative Arts & Wellbeing Centre

The service is made up of the following:

**Looked After Children’s Service:** the team provides a dedicated health service to children and young people who are ‘looked after’ by Salford Local Authority and children and young people living in Salford who are ‘looked after’ by other local authorities.

**Youth Justice Service (YJS):** the service offers a dedicated health service to children and young who are involved with Youth Justice Services in Salford.

**Family Liaison Service:** the service provides assessments within the PANDA Unit at Salford Royal to identify those cases that need to be brought to the attention of other allied health professionals in Salford and to family liaison nurses within other NHS trusts.

**Support available**
- Advice, family support, information, support, training, support for professionals

**Age range**
- 0-18 years

**Referral route**
- **Professional referral:**
  - YJS Health Provision - professional referral via YJS
  - Looked after Childrens Nurse – Professional referral via SCC Children’s Services
  - Family Liaison Service – via admittance to PANDA Unit

**Address**
- **YJS Health Provision & Looked after Childrens Nurse** – Sandringham House, Windsor St, Salford, M5 4DG
- **Family Liaison Service** – PANDA Unit, Salford Royal Foundation Trust, Stott Lane, Salford, M6 8HD

**Telephone**

- Family Liaison Service: 0161 206 2198

**Website**
- [www.srft.nhs.uk](http://www.srft.nhs.uk)
The project works with young men who are fathers, expectant fathers, or acting as fathers in a family unit, aged up to 25 years old and live in Salford.

The project meet up with the young man once they are referred in, often in their own home and carries out a youth work based assessment to ascertain where the young person is up to in relation to involvement with their child/ren, education, training and employment, experiences of children if they are expectant, support, benefits, housing and relationships.

The project discusses breastfeeding, offers support in giving up smoking, access to contraception and looks at what kind of support the young person would want from the project.

Most of the work with young men is one to one, but the project also runs several young parents groups, in Children’s Centres, alongside their workers, offers dads and kids and mums and dads kids trips out, and delivers bespoke sessions with young men (and their partners if relevant,) around relationships, dealing with anger, anxiety and domestic abuse.

**Support available**
The support offered covers issues such as coping with being a father, benefits, housing, relationships, education and training, and wider services for parents. In addition, the project offers activities and day trips for young fathers and their children to attend.

**Age range**
Up to 25 years old

**Referral route**
Professional referral – service accessed via social services, Youth Service, ante-natal services, community midwives, Youth Offending Teams, teenage pregnancy team, schools, and Connexions.

**Address**
Beacon Centre, 6 London Street, Salford, M6 6QT - [map](#)

The Proud Trust – Afternoon TEA

We’re a cool, quirky group of young people who come from all walks of life.

What we all have in common is that we’re trans or questioning our gender identity. If you’re 13-25 and trans or unsure about your gender, we’d love you to join us!

Being trans means feeling like your gender is different from what you were told when you were born, (usually an M or an F on your birth certificate). Some people feel like boys, some feel like girls, and some feel like something else – maybe a third gender, or none, or a mix between the two. All of these are trans identities if they differ from what others expect you to be.

Going to a new place and meeting new people is often scary. We can’t change that, but we can promise that we’re really friendly and will make you feel welcome. We usually start by sitting in a circle as people arrive, and we like to make tea/coffee and eat cake!

Some of the things we like to do:
- Arts & crafts
- Serious discussions
- Chill out and chat
- Design posters and resources for schools, doctors and others
- Support each other through difficult patches
- Swimming
- Play on the Wii
- Canoeing

When: 2nd and 4th Sunday of every month

Where: LGBT+ Centre, Sidney Street, Manchester, M1 7HB

Contact: info@theproudtrust.org
07813 981338

Website: www.theproudtrust.org

www.partnersinsalford.org/youngemotionalhealth
A **FREE** youth group for young people aged 11-19 years who identify as LGBT or who are questioning their sexuality and/or gender.

First and foremost it’s a social group, a place to make friends, but we also take part in lots of events like Pride, IDAHOT, LGBT history month and go on trips and visits.

We will support any young person that identifies as Lesbian, Gay, Bisexual or Transgender.

Young people receive support from staff and peers looking at LGBT related issues. We explore issues surrounding sexuality and gender and do this so we become a support group for each young person. The group is a safe place for young people to explore their identity which can help them discover who they want to become.

**Mondays**

5.30-8.00pm

Bridgewater Youth Centre
72 Bridgewater Street
Little Hulton
M38 9WD

[www.ecclesmap.org](http://www.ecclesmap.org)

**Thursdays**

5.30-8.00pm

Beacon Youth Centre
8a London Street
Salford
M6 6QT

0161 778 0700
[www.salfordmap.org](http://www.salfordmap.org)
A group for trans youth that meets in Salford once a month. The group is a safe place for trans identifying young people to attend, where they have access to friendly staff and the opportunity to participate in activities and have fun. Along with discussing issues affecting trans young people and enabling the group to have a voice for trans young people in Salford.

Whilst the young people are meeting, we also provide a space for parents, guardians, carers of young trans identifying young people to participate in discussions and activities for themselves, this is separate to the young person’s group.

**When:** T & Toast meets on the THIRD Sunday of the month, from 1.30pm till 3.30pm

**Where:** Beacon Youth Centre, 8a London Street, Salford, M6 6QT
