Getting Help

- Protect our NHS CAMHS by referring cases that clearly are within our remit, ensuring there is informed consent to referrals
- We will provide assessments and interventions as timely as possible based on the clinical presenting need
- We offer comprehensive assessment and formulation in all cases via standardised duty assessments. Clear formulation and risk assessment in all cases needs will drive intervention offer
- We will deliver through a blend of telephone, remote clinical video sessions and face to face appointments as clinically indicated
- We may need to increase the use of group work to maintain efficient effective delivery

Getting Help

- As part of the Salford CAMHS offer to schools, the CAMHS School Link role continues to offer consultation, training, advice and information to more than 70 schools across the local authority with further schools identified to receive training as part of the project this year. The CAMHS school link also operates in conjunction with the Emotional Friendly Schools project as well as the 'Wellbeing Return to Education' as part of the national offer to schools October 2020 – March 2021 offering a series of online webinars, virtual drop ins and on going training.
- The CAMHS school link role also works collaboratively with strategies and interventions offered via Education On Track, Emotionally Based School Avoidance, Primary Inclusion Team, Orthodox Jewish Community as well as the delivery of further CAMHS Link workshops with the Anna Freud Centre.
- The Salford Thrive in Education team offer low intensity CBT informed interventions to CYP's and families in over 30 schools along with Place2BE, EP's, 42nd Street and Early Help School Co-ordinators. Training, consultation and support is also an intrinsic aspect of this getting help offer. This offer also includes co-ordinated support packages to targeted schools to facilitate their progression with the Emotionally Friendly Schools Package and engagement in mental health support for pupils, parents and teachers.

Getting Help

- Find other local services here through NHS [Service Search for Mental Health support for Young People](#) or Ann Freud's [Youth Wellbeing Directory](#)
- MindEd [MindEd for Families support available for parents](#) AND [learning pathway programme for education](#)
- Coronavirus Staff Resilience Hub Helping frontline staff to manage your mental health and wellbeing [MindEd Coronavirus Resilience Hub](#)

Getting More Help....

- We hold a number of pathways - specialist clinical care - offering a stepped care model in line with the thrive needs-based groupings. Stepped care seeks most effective yet least resource intensive, treatment is delivered first; only 'stepping up' to intensive/specialty (or targeted) as clinically required. This includes offering specialist evidence based and evidence informed psychological intervention and pharmacological intervention where required, monitored through goal based outcomes and regular monitoring of treatment response.
- Case are discussed in supervision and reviewed jointly with supervisor where there is clinical uncertainty/drift or lack of progress. Enables supported acquisition.
- Clear treatment plans for all cases including formulation/risk/management.
- Exit from services are planned to ensure through-put in service to free capacity for the next child or young person.

Getting More Help....

Some conditions such as psychosis, eating disorders, emerging personality disorders and complex neurodevelopmental needs are likely to require this input.

[Early intervention in psychosis](#) The Royal College of Psychiatrists' emergency care pathway includes guidance and resources.

For people with eating problems, the coronavirus pandemic poses some unique challenges find more support here Beat: [Eating Disorders and coronavirus](#) and YoungMinds: [Coping with an eating disorder during the coronavirus pandemic](#)

YoungMinds explain [emerging borderline personality disorder](#)

MindEd provides explores the complex presentations and psychological needs of young people with neurodevelopmental difficulties [young people with neurodevelopmental difficulties](#)

NEW: Salford Neuro-Developmental Pathway

- Salford has been working on a new multi-agency transformation programme to improve how families access the right help at the right time for their children who may have a neuro-developmental condition such as ASD and ADHD.
- Following an initial test and learn phase the new neuro-developmental pathway is being implemented in January 2020.
- ALL referrals for a child and young person who may have a neuro-developmental condition will now be made through The Bridge. This will ensure a robust triage process that includes early help and health professionals.
- To make a referral about a child who has neurodevelopmental needs then you must refer via the bridge: <https://www.salford.gov.uk/children-and-families/safeguarding-children/worried-about-a-child/> Select Category Early Help, and Sub Category Neurodevelopment.
- The family will then receive support via Early Help, or be reviewed by the neurodevelopmental team for an assessment of clinical need.

Getting Risk Support....

- Some CYP and families for whom evidence-based treatment does not bring about change in outcomes or recovery require whole system support. These CYP may routinely going to crisis, self harm or seem unresponsive to support.
- Are role is to ensure links and regular risk support meetings with multi-agency partners; maintain discussions regarding formulation and offer of risk support – bridging the gap
- We can reduce time by joining meetings virtually if appropriate.
- We make use of AMBIT (whole-team approach designed for YP presenting with multiple and complex problems) and other methods of support risk within multi-agency teams.

Getting Risk Support....

- If you need to speak to someone right now, please contact one of the following 24 hour services:
SAMARITANS: 116 123 or www.samaritans.org
CHILDLINE: 0800 1111 or www.childline.org.uk
- If you need help urgently but are not at risk of death or serious illness, use the NHS 111 non-emergency advice online. [NHS 111 advice online](#)
- NHS urgent mental health helplines are for people of all ages [NHS service search: find an urgent mental health helpline](#)
- For life-threatening emergencies, call **999** for an ambulance.

Getting Risk Support....

- Shout 24/7 text service, free on all major mobile networks, for anyone in crisis anytime, anywhere. It's a place to go if you're struggling to cope and you need immediate help. Text GM to 85258. Visit website [crisis text shout](#)
- We want to support you if you are bereaved by suicide or concerned that someone you know may be thinking of suicide. We want to help you find what support is available in the boroughs of Greater Manchester and provide national resources that are available to help. [Shining a light on suicide](#)
- MindED what to do in a crisis [MindEd for families - concerned and what to do in a crisis](#)

THRIVING

Learn to reduce the risk of developing mental health difficulties and promote emotional wellbeing and overall good mental health. Within this evidence suggests there are 5 steps you can take to improve your mental health and wellbeing. Trying these things could help you feel more positive and able to get the most out of life [NHS Five Ways to Wellbeing](#). The mental health charity Mind also offer information about the these steps:
