Salford City Council

Version 31: October 2024

Worried about a child

If you are worried about the welfare or safety of a child it is very important that you contact us. Salford City Council and partners have a multi-agency hub called the [Bridge Partnership](#) that screens all contacts concerning the welfare or safety of a child to children's services.

The Bridge can be contacted by telephone on **0161 603 4500 from 8.30am to 4.30pm. If you need to speak to somebody about your concern out of hours, please call the Emergency Duty Team on 0161 794 8888** alternatively you can complete an [online referral form](#)

If you are worried about a young person in emotional distress and think they need urgent help but are not sure which service is best placed to help, you can also get advice from: **Salford CAMHS – 0161 518 5400 (Mon – Fri, 9.00am – 5.00pm)**

What to do in an emergency: **In emergency situations the young person must attend the nearest 24 hour A&E unit or call 999**

Following admittance into A&E:

- A mental health professional will assess the young person following a medical assessment by A&E staff
- Depending on which A&E they attend and on their age, the young person will be initially assessed by either a professional from the All Age Mental Health Liaison team (which supports young people and adults) or CAMHS (Child & Adolescent Mental Health Service) or Adult Mental Health Team
- If the young person needs ongoing mental health input, a referral to the appropriate team will be made by the assessing professional

NHS 111 - if you're worried about an urgent medical concern, you can call 111 to speak to a fully trained adviser

42nd Street – Online Counselling

Our online Counselling is a free and friendly service for young people in Salford aged 13-25.

Online support works very much the same as 42nd Street's face to face support. It involves you sending messages to a worker throughout the week, and receiving a message back each week at a time you both agree on. You can check your messages whenever works for you and reply whenever is best for you.

What we do:

- Provide a safe online space to help you talk about difficult things that you might be facing in your life. We'll allocate you a trained practitioner who will listen and support you, without judgement.
- Rather than talking about your problems face to face, you can type them out, or use artwork or videos or other resources to talk about how you're feeling.
- Instead of using video like skype, we offer online counselling via private, confidential messages which are sent between you and your counsellor.

Age range	13-25 years

Achieve has a dedicated team who work closely with young people up to the age of 25 offering support, information, harm reduction interventions and specialist substance misuse treatment. The team are co-located with the Salford Youth Service, The Young Father Service and the Youth Offending Service.

Achieve provides the Early Break Holding Families programme which offers structured interventions to children, parents and families with problems associated with parental substance misuse.

The Achieve Young People teamwork in partnership with other services such as local schools, Youth Justice Service, CAMHS etc. in supporting young people who are using substances.

The team use a variety of interventions to reduce the harm caused by substance misuse on the emotional, physical health and wellbeing of young people. These interventions can range from education and 1:1 confidential support to Blood Borne Virus vaccinations and prescribed treatment, depending on need.

Support available

Advice and information on substance use and reducing substance misuse related harm and on your alcohol and drug intake; group support; access to inpatient and home detoxification

Adoption Counts

Adoption Counts brings together the adoption services for 5 Local Authorities: Salford, Manchester, Cheshire East, Stockport and Trafford. We offer a range of services including recruitment and assessment of prospective adoptive parents, tracking and supporting children who may need an adoptive placement, linking and matching, support with the child's transition into their adoptive family and offering adoption support until the child is 18. Young people can access the Adoption Support Fund until 21 or 25 with an EHCP.

We also offer services to adopted adults to access their adoption records, a letterbox contact team to support relationships between birth families and adoptive families, and advice to LA social workers who are supporting adoptive families.

We have a multi-agency Adoption Psychology Service which can offer professional consultation around complex needs relating to early trauma or neuro-developmental needs.

Our service is available to adoptive families living in the 5 Local Authority areas. If the child is living in our area, has been placed by another Local Authority, and the Adoption Order was less than three years ago, the placing LA is responsible for adoption support. Please advise the family to contact their placing agency

Support available

Universal services for all families – events, support and advice, online support, peer support.

Getting help – All adopters can request an adoption support assessment, which will identify a support plan for their family.

Getting more help – Allocated social worker, supporting with access to therapeutic services such as therapeutic parenting, DDP and individual therapy.

Risk support – we join multi-agency teams to support adoptive families who have complex and multiple challenges, including edge of care and family breakdown.

0-21 or 25 with EHCP

Direct from parents, who can contact us via our website or by calling 0161 521 8847.

We accept referrals from professionals with parental consent.

The Foundation offers a service for families living with and impacted by Attention Deficit Hyperactivity Disorder (ADHD) and is the leading agency for the provision of training for education and health professionals across the UK.

As a patient service, our aim is to ensure the emotional health & wellbeing of those affected by ADHD through a graduated, needs led, multi modal service that enables service users and reduces dependencies.

This objective is achieved through knowledge, skills, social prescribing and a holistic approach to enable service users to become psychologically resilient, adopt lifestyle changes that habitually improve emotional and physical well-being and in so doing, improve life chances across a range of indices

Support available

- 1-2-1 / online information, advice & guidance
- Psycho educative programmes
- Systemic Family Therapy
- Early Years Therapeutic support
- Diagnostic assessments & prescribing
- Educational Psychology Assessments for Dyslexia, Dyspraxia & Dyscalculia
- Coaching psycho educative support for adults
- Transition support groups for 14-19yrs
- Traded services for schools
- Participation opportunities for service users
- Training programme

Autism and social communication team

We are a team of specialist ASC (Autistic Spectrum Condition) / social communication difficulties teachers and a specialist teaching assistant who support school staff and pupils with ASC. A diagnosis is not required to get support from us. You may hear us referred to as the LSS ASC Team.

We support:

- SENCO's in schools
- Teachers and Teaching Assistants
- Individual or small groups of pupils (Reception to Year 11)
- Parents/carers of pupils on our caseloads

To access our service schools request support directly via our dedicated LSS referral website. To proceed with a referral parent/carer consent must be obtained by school and included as part of the online referral. They should also include evidence of any ongoing support in school, any other professionals involved and the impact of any support or advice already received. Waiting lists vary but generally we aim to see CYP referred to us within the half term they are referred.

Session Information - Monday to Friday from 8:45am to 3:45pm. (Term time only)

Support available

Training for whole staff to raise awareness about Autism
Advice about flexible approaches to teaching and learning
Advice about Sensory Issues
Support for transitions within school
Support for transitions between provisions

Age range

4 – 16 years old

CARITAS School Service

There are many reasons why a child may not reach their full potential. Adverse Childhood Experiences (ACES) such as bereavement, trauma, parental ill-health, maltreatment from family or violence – can impact on how children / young people perform in school, on their behaviour and also relationships. If children are not supported through these challenges, this can have a long-term impact on their life chances.

Our aim is to:

Remove barriers to learning and participation.

Nurture emotional development

Address personal and social issues

Develop new skills, knowledge, attitudes and values

We are here to listen, and to offer support, advice and guidance to the children, young people and their families who are referred to us by school – to help them make positive changes in their lives. At Caritas – we are passionate about ensuring that children are given opportunities to grow and develop and to reach their full potential. In 2022/2023 we supported 2703 children & young people and also provided 1300 family support sessions.

How do we do this?

Schools commission our service directly and we set up a bespoke package of support for each school with a service level agreement that is flexible, integrated and collaborative. We also offer a bank work service for individual

How it works in schools

A referral and consent is given to the Caritas worker for each child, young person and/or family, The Caritas worker will then complete a needs assessment and offer an intervention to address the needs, and work in partnership towards achieving a positive outcome. Reports are completed at the end of the intervention, with an evaluation of progress included – which is shared with parents/carers and school.

Support available

The range of interventions include evidence-based parenting groups, CBT based children's groups; 1 to 1 direct work with children and young people; group work; whole class workshops; drop ins; family support.

Age range

5-16 years children and young people. Support is also offered to parents & carers on a wide range of issues.

Referral route

Via Head/Deputy Head at school – who commission our service

Chapman Barker Unit

The Chapman Barker Unit is a 26 bed regional detoxification inpatient unit that offers a truly unique, medically managed and recovery-focused treatment for men and women with substance misuse problems.

We believe that each person with a drug and/or alcohol problem is unique and as such should be offered treatment programmes that are individually designed to meet their needs.

The unit has two admission pathways, pathway one is planned admissions for service users with complex substance misuse problems and co-existing physical and mental health concerns, and the second pathway is RADAR.

At Greater Manchester West we are home to the UK first RADAR referral pathway (Rapid Access Detoxification Alcohol hospital) this pathway is a bespoke 5-7 day rapid alcohol detoxification programme.

Support available

Detoxification inpatient unit that offers a truly unique, medically managed and recovery-focused treatment for men and women with substance misuse problems.

Age range

18+

Child Bereavement Service

The Child Bereavement Service at Gaddum is a therapy service working with children, young people and their parents or carers to process grief and loss. The service can offer practical support and guidance to families, individuals, professionals and anyone concerned about a grieving child.

Gaddum believe that the right support at the right time can enable a young people and their family to find a way to live with their grief and rebuild a positive future.

Gaddum provide a needs-led therapeutic service for Salford children and families, as they begin to explore their unique process of adjustment following bereavement.

Children and young people often find it difficult to speak directly about their thoughts and feelings, and so play and art are used as an effective communication tool to facilitate symbolic expression and appear less threatening.

Sessions usually take place weekly in an environment where the young person feels most comfortable such as school or virtual (online) at home. We are able to work with people 6 months following the bereavement experienced.

Support available

- Advice
- Support
- Counselling

Age range

4 -18 years (or up to 25 for SEND)

Turnaround Project (formally Choose 2 Change)

Choose to Change project changes to Turnaround Project.

Choose to change as it was is no longer in existence due to changes in funding stream and criteria attached to this funding. To provide context to this all Youth Justice Service's within UK received funding for a 'turnaround' project to be run with a preventative lens. It was decided to use this funding within Salford to fund workers who had previously been funded within the Choose to Change project. As such, the workers will remain the same but criteria for referral will be different.

There are a number of criteria which need to be met in order to qualify as a turnaround case. Within Salford a young person will have to:

- have been spoken to by the Police for an offence where 'No further action' is being taken
- have concerns in relation to ASB raised about them resulting in an acceptable behaviour agreement (ABA)
- have been to court and been acquitted for an offence

There are also criteria which means despite the above being met they would not qualify as a turnaround case. They would not qualify if they

- are open to Early Help
- have a child protection plan
- are a child looked after

All turnaround cases will have an Early Help assessment. One to one work will be allocated based on the criteria above. Referrals will only come direct to the project from the Police, Court or ABA meetings. All other referrals/requests for services related to young people in Salford will need to go via the bridge.

Support available

This will include a mix of preventative one to one age appropriate direct work tailored to meet the need of the child. We will also support the young person to access positive activities and signpost them to other services such as local youth provision.

Age range

10-17 years

Referral route

Professional referral only: [Bridge referral](#)

Critical Incident Team

The Educational Psychology Service (EPS) work in schools, early years settings and colleges to offer support in the event of a Critical Incident.

A critical incident is an event that impacts on the school community e.g. the sudden death of a pupil or teacher. The team work to enhance the school's own support and coping strategies following a critical incident, and to help the school to understand and manage the range of responses to the incident.

In the event of a Critical Incident the EPS Critical Incident Team will offer schools:

- Phone advice / guidance.
- School visit, within 24 hours of the request to support in school response to the incident, to provide guidance on immediate, medium-term and long-term action relating to the specific incident. The aim will be to support school leadership to support their children, staff and parents.

Further work may also be agreed, e.g.

- A briefing to all school staff
- Small group work with the school staff most affected
- A drop-in session for parents

Support available	Advice; support; training; consultation for professionals
Age range	Up to age 25
Referral route	Professional referral only - Service can be accessed via the school SENCo.

Early Detection & Intervention Team

EDIT is a service aimed at detecting and providing cognitive therapy for people at high risk of developing mental health problems (e.g. psychosis). We aim to reduce distress, confusion, and the development of more serious mental health difficulties and help to get people's lives back on track.

Early Detection and Intervention Team (EDIT) is a specialist psychological therapy service that works with young people aged 14 – 35 years.

Some of the issues we can support:

- Hearing or seeing things that others cannot
- Feeling paranoid or suspicious of people or certain situations
- Unusually high or low moods
- Sleeping too much or too little
- Having difficulty concentrating and being easily distracted

Support available

- Full care co-ordination
- Evidence based group and individual psychological interventions (including CBT and Family Interventions)
- Support with medication management
- Support with accessing employment, education and vocational activities
- Support for families and carers

Age range

14-35 years

Referral route

Self-referral – service can also be accessed by GP's, Mental Health Services, Voluntary Sector, Youth Services (Connexions, YJS)

Early Help (Locality Team)

Early help is the term we use in Salford to describe the way we work together with children, young people, and their families to prevent problems occurring and provide support as soon as problems emerge or re-emerge.

Families may need early help at any time because, as children develop, challenges can emerge. Equally, family circumstances can change, and families can need more support.

Evidence tells us the sooner a family receives help, the sooner they are able to improve their situation and prevent the need for longer term support or statutory intervention.

If you identify that a child, young person and their family has more complex needs which require an integrated and coordinated multi-agency approach, with longer and more intensive intervention, A referral to The Bridge Partnership may be made to request support from the Early Help Service.

Age range	0-25
Referral route	The Bridge Partnership
Contact details	Central: Broughton Hub, 50 Rigby St, Salford M7 4BQ North: Swinton Gateway, 100 Chorley Rd, M27 6BP South: Irlam and Cadishead Family Hub at the Academy, Station Road, Irlam, M44 5LH West: Little Hulton Family Hub, Longshaw Drive, Little Hulton, M28 0BD

Telephone	0161 686 7229

Early Help Assessment

The Early Help Assessment (EHA) is the tool we use in Salford to capture an assessment of the current needs of a child or young person and their family.

An Early Help Assessment should be completed in partnership with the whole family to explore and develop a shared understanding of their strengths and needs capturing the family's views and voice in one place, preventing families from repeating their story.

It should recognise and reinforce the strengths of families and their communities, empowering them to create their own solutions and build resilience and independence.

Early Help Assessments help to empower families to achieve change as they are in the 'driving seat' as an active participant in the process of identifying their strengths, needs and desired changes and agreeing their family plan.

Practitioners involved with the family should work together to contribute to the assessment to form one family plan that makes clear who is doing what and when. The Family Plan should be shared with the family and others involved and be reviewed regularly through Team Around the Family Meetings (TAF).

Age range	0-25
Referral route	Early Help Assessment Coordinators can offer advice and support to families and practitioners regarding the Early Help Assessment and TAF process. Email EHAT@salford.gov.uk or call

Early Help: Relationships Matter

Salford Early Help Service work with the whole family using a Family Partnership approach to understand each person's strengths and needs. Early Help Practitioners help families to then identify ways to address their needs and support this change through regular reviews.

Relationships Matter offer:

Sex and Relationship: Direct work with parents and young people around sex and relationships (the service only addresses low risk behaviours). This work will also cover low risk issues around online safety and low risk CSE if appropriate.

Family Conflict: Direct work, using a range of age appropriate tool to address family conflict (e.g. helping families to develop better communication skills, practice new skills for dealing with conflict to help them develop stronger relationships)

Children's Mental Health Support: advice and information in relation to children's mental health. In the Central and South teams the ICRS project, in partnership with 42nd Street and MIND, provides more specialist services and works directly with children and young people with more complex mental health needs.

Educational Psychology Service (EPS)

Salford Educational Psychology Service (EPS) is dedicated to helping schools and settings to identify and meet the Special Educational Needs and Disabilities (SEND) of young people (0-25 years) and promote inclusion. As a team we offer a vast range of psychological assessments, interventions, training and research projects to meet the needs of schools, early years settings and colleges. We are grounded by our core values of kindness, curiosity, connection, authenticity and reflection, which focus us on working collaboratively with partners with mutual respect and in ways which best fit the purpose for involvement.

Educational Psychologists work with settings to support them to meet the needs of their school community. This may include a range of work such as, individual casework, group work and interventions, time limited therapeutic work, training, research projects and other forms of systemic work.

The Educational Psychology Service have developed the Emotionally Friendly Settings Programme. This is a flexible whole setting approach to improving children and young people's mental health and wellbeing.

New resources: [Emotionally Based School Avoidance \(EBSA\)](#) - good practice guidance for schools and support agencies, along with information for children & young people, parents and carers

Support available

Salford EPS is an evidence-based consultation service. Consultations have been found to be crucial in effecting positive change for young people, teachers and families. Consultation is a form of assessment. Other assessment might include, observations, gathering the voice of the child or young person or assessment of skills and development.

Age range

Up to age 25

Family Nurse Partnership

Family Nurse Partnership (FNP) is a free and voluntary program for first time mums (and dads). A specially trained family nurse visits the young person regularly, from early pregnancy until the child is two.

We service can support the following:

- Personal health – building positive health practices
- Environmental health – Managing home and neighbourhood to ensure healthy child development
- Life course development – working towards future aspirations including education and employment
- Maternal role – developing skills and knowledge, promoting the health and development of their child
- Family and friends – developing the skills to build positive relationships and enhance social support
- Other health and human services – enabling access to services

The Family Nurse Partnership Program aims to enable young mums to:

- Have a healthy pregnancy
- Improve their child's health and development
- Plan their own futures and achieve aspirations

Support available

The FNP program is delivered by specially trained nurses. They use carefully designed materials, activities and evidence-based approaches within home-visits.

The Family Practitioners Service has joined the Integrated Social Work Service.

Family Practitioners will deliver an integrated family support service for Children in Need and Children on Child Protection plans and their families, that is effective in protecting children from harm and promoting family wellbeing.

Children and their families can be referred for support by the child's social workers.

The approach to interventions is based on the Family Partnership Model and system, trauma informed practice, and includes:

- Domestic abuse related interventions: to develop insight into healthy relationship, social isolation, increase self-esteem, safety planning and impact on children
- Neglect related interventions: thriving family's approach to improve home conditions, parenting support -boundaries, supervision etc.
- Physical abuse related interventions: parenting support to develop insight on impact on children, good parenting strategies etc.
- Emotional abuse related interventions: therapeutic intervention to develop attachments, safety planning around self-harming behaviours
- Parental capacity building: housing support, budgeting skills, accessing community-based resources / local offer

Support available

- Targeted therapeutic interventions by a therapeutic social worker
- Therapy / Support
- Parental support
- Consultation for professionals

Age range

All Ages

Referral Route

Professional only: via child's Social Worker.

Gardener Unit

The Gardener Unit caters to young people with serious mental illness or concern of a significant psychiatric disorder with significant levels of risk. These will be young people who require assessment and/or treatment and/or rehabilitation, and who could not otherwise safely receive this in a non-secure hospital setting or custody setting.

The service aims to maximise young people's hope about their future, enabling them to develop safe autonomy, and promoting opportunities for positive achievement. The unit is recovery oriented with recovery being client-centred. The Gardener Unit team recognise the unique and diverse needs of young people and provide quality residential care.

The unit contains 10 beds and is for boys between the ages of 11 and 18 years. Within the unit is a purpose built intensive care facility.

The multi-disciplinary team work within the Care Programme Approach (CPA). Wherever possible this involves working closely and collaboratively with the young person, involved professions, other agencies, families and carers.

Support available

Adolescent Forensic Mental Health Assessment is multi-disciplinary, comprehensive and holistic; this includes psychiatric, neurological, psychological and educational assessments. Treatment interventions are cognitive-behavioural in emphasis and also draw upon psychodynamic therapies.

GM & Salford Bereavement Service

We are here to listen and help to find support for anyone who resides in any borough in Greater Manchester that has been bereaved or affected by a death; no matter how long ago since the death. No one needs to feel alone as they deal with their grief.

The service also has dedicated suicide bereavement practitioners to ensure that those bereaved or affected by suicide can speak to someone who will have a greater understanding of what they may be going through and help them access appropriate support.

The service also provides support for professionals seeking advice.

You do not need to feel alone as you deal with your grief.

The website includes:

- An [interactive map](#) of what bereavement service are available locally
- [Resources](#) for anyone who has been bereaved or affected by a death

Salford Bereavement Service

Salford Bereavement Therapy Service offers 1-1 bereavement counselling. We provide 6 to 8 bereavement counselling sessions on a 1-1 basis. The bereavement needs to have occurred over 6 months ago.

Address	8th Floor 2, City Approach, Albert St, Eccles, Manchester M30 0BL

GPs & Practice Nurses

GPs and Practice Nurses deal with a whole range of health problems. They provide health education and can offer advice on sensitive health issues that young people may not feel comfortable talking through with parents, peers or other professionals. This could include advice or referrals around smoking, drugs, alcohol use or sexual health.

They are available to discuss issues around safety and the effect this could be having on health and wellbeing. This works best if advice or support is obtained as early as possible.

GPs usually work in practices as part of a team, which includes nurses, healthcare assistants, practice managers, receptionists, and other staff. Practices also work closely with other health and social care professionals, such as health visitors, midwives, mental health services and social workers.

GP surgeries can be found locally across Salford.

Support available

GPs provide care during what are known as core hours from 8.00am to 6.30pm. You can make an appointment with your practice for medical advice, examinations and prescriptions.

GPs also provide an out-of-hours service - just ring your normal GP's number.

Age range

All ages

Referral route

To access your local GP you will need to register with the practice

Everyone is entitled to register. GP Practices may ask for proof of ID, address, immigration status or an NHS number however this is not a requirement to receive care or see a GP

Website

Home-Start Trafford, Salford, Wigan

We provide support and friendship for families who are struggling to cope with a wide range of situations such as loneliness, mental ill health, disabilities, multiple children, and increasing poverty and debt, support is provided to help prevent crisis and family breakdown.

We recruit, train and support volunteers who are parents from the local community, to visit families in their own homes for 2-3 hours per week in order to provide practical help and emotional support to families.

Support available

As a parent you might ask for Home-Start's help for all sorts of reasons:

- You may be feeling isolated in your community, have no family nearby and be struggling to make friends
- You may be finding it hard to cope because of your own or your child's illness
- You may have been hit hard by the death of a loved one
- You may be really struggling with emotional and physical demands of having twins or triplets – perhaps born into an already large family
- Help is at hand. We support any family living in Salford or Wigan who have at least one child under the age of five and who maybe finding it hard to cope.

I-Start (Stronger and Resilient Together) Pathway for Cared for Children & Young People

i-START is an emotional health and wellbeing screening pathway for all Cared for Children and young people in Salford. Utilising clinical data from Strengths and Difficulties Questionnaires (SDQs) and other selected clinical measures, Salford CAMHS for Cared For Children (STARLAC) clinicians screen young people for indicators of emotional distress and mental health concern.

These screening assessments are offered for all children aged five and over, six weeks after they come into Local Authority care, and annually thereafter.

The screening can help establish if a child is coping with the circumstances of entering Local Authority care, or whether they would benefit from any additional help to feel emotionally healthy within their placement.

The screening identifies areas of strength and resilience as well as vulnerability and can lead on to further signposting, clinical assessment or mental health and risk support as required, to ensure young people receive early and proactive support when this is most needed.

Support available	Routine emotional health and wellbeing screening assessment for young people entering care and annual reviews by mental health professionals from STARLAC
Age range	5-18 years
Referral route	Internal Social Care and CAMHS pathway accessed when a child becomes Cared For
Address	Unity House, Chorley Road, Swinton, M27 5DW

Integrated Community Response (ICR)

ICR is a multi-agency service led by 42nd Street, supported by Mind in Salford, Self Help Services and CAMHS and is integrated with Salford's Early Help and Family Hubs.

The service provides targeted Early Help support for children and young people (11-18 years) presenting in mental health distress and at risk of crisis presentation via A&E or social care services.

The aim is to identify children and young people on the 'edge of crisis' and offer early and brief interventions to prevent the issues from escalating further or, could be offered as a step down from crisis.

ICR 42nd Street: supports young people with mental health, emotional wellbeing, risk and psychosocial (situational / environmental) distress. ICR Mental Health Practitioners (MHP) offer consultancy to EHP and wider multi agency with 2 full time MHP based in Salford EH Hub settings.

Salford MIND: works with family or children and young people if someone in the home is 11-18 yrs. Examples of work: Universal credit claims and disputes, debts etc.

CAMHS: give consultation / advice to practitioners on formulation, risk and mental health of children and young people in the service.

Self Help Services: offer online interactive etherapy to help children and young people with how thoughts have an impact on feelings, physical symptoms and behaviours.

Age range

11-18 (up to 19th birthday)

Integrated Sexual Health Service

Integrated Sexual Health Service

Salford's Sexual Health service is now part of The Northern Sexual Health, managed by Manchester University NHS Foundation Trust. The Northern Contraception, Sexual Health Service provides free and confidential care across Salford, with plans to create 5 additional clinics across Salford - locations to be confirmed soon.

The service's hub is still based at the Lance Burn Medical Centre in Pendleton, and you can book an appointment online by creating a Personal Health Record, calling 0161 388 4982, or sending an email to salford.sexualhealth@mft.nhs.uk.

Detecting sexually transmitted infections (STIs) quickly is important to avoid spreading them and improve treatment. You can get free and convenient STI home testing kits by visiting thenorthernsexualhealth.co.uk/home-testing-kits, even if you do not have any symptoms. The kits use discreet packaging and can be sent back in a pre-paid envelope. Results are usually returned in less than 2 weeks.

Free condoms can be picked up from the Beacon Centre (London Street, Salford M6 6QT). Emergency hormonal contraception, also known as the 'morning after pill', can be accessed for free at participating pharmacies in Salford. For contraception – including coils, implants, and the pill – contact your GP in the first instance.

Maternity Services

Saint Mary's Hospital provides maternity services for women living in central Manchester, Trafford and Salford with primary, secondary and tertiary obstetric care. The hospital is renowned both regionally and nationally for its clinical, research, fetal and maternal medicines services.

The models of care provided to women are both consultant and midwifery led with an established midwifery led team delivering care to low risk women and a multidisciplinary team comprising of obstetricians, midwives, anaesthetists, neonatologists and physicians providing care to women with specialist fetal and maternal needs.

The service can support, and where appropriate, make referrals with the following:

- Stress in pregnancy
- Low birth weight
- Parental mental illness (including post-natal depression)
- Supporting the emotional and social wellbeing of the infant.
- Teenage pregnancy

Support available

Antenatal assessment units at Saint Mary's Hospital and Salford Royal.

Parent and Infant Relationship Service (PAIRS)

Salford PAIRS offers support to parents/ carers and their babies, from conception up until the baby is 2 years old, who may be concerned about how their relationship with their baby is developing.

We aim to support parents to build a positive and satisfying relationship with their baby.

We aim to support parents/ carers and their babies to feel safe and secure, to manage the emotional demands of new parenthood, and to build positive relationships that they can both enjoy.

We will offer both individual and group support and we will think together with the parent about what might be best for them and their baby.

PANDA Unit

The PANDA Unit (Paediatric Assessment and Decision Area) provides dedicated emergency and short stay care for children less than 16 years of age.

This is a consultant-led service within which children can be assessed, investigated, observed and treated within 24 hours and without recourse to inpatient areas. The unit also provides a Tier 2 Paediatric referral service for residents of Salford, or those patients with a Salford GP.

Gate-keeping by Paediatric and Emergency Medicine Consultants ensures that over 96% of attendees are currently discharged home direct from the Panda Unit.

Early discharge is supported by a dedicated team of children's community nursing staff that support integrated care between Panda and primary care services.

Age range	0-16 years

Portage Service

Portage Home Visitors are part of Salford Early Help Service, Salford Portage is a home visiting educational and support offer. It is available for families who reside in Salford and have a child with developmental delay aged from birth and up until they take up their three and four-year-old funding offer or 2 year old funding. Offer, usually the term after their second or third birthday

Salford Portage aims to:

- Provide support, advice, and guidance
- Supports parents to acquire the skills necessary to promote their child's development
- Celebrate the child's achievements
- Develop strong partnerships with parents and other professionals
- Signpost families to relevant services and support groups
- Support the inclusion of children with additional needs into early years provision and school

What do Portage Home Visitors do?

Portage Home Visitors focus on the development of play, communication, relationships, and learning. They visit children and their families at home, working in partnership with parents or carers to develop play-based activities that support all areas of development. Portage Home Visitors will use information from parents, observations, and appropriate assessment tools to identify goals for future learning. Portage Home Visitors work closely with other practitioners/professionals to ensure a holistic approach to meeting the child's needs. The Portage Home Visitor can also take on the role of lead professional or non-designated key worker when appropriate.

Primary Inclusion Team (SEMH)

We are a team of teachers and Learning Support Assistants (LSAs) who are all currently working with children who present with challenging behaviour in Salford schools.

Core offer: Our team will work closely with primary schools across Salford to offer support using a holistic approach, with an emphasis on early intervention. We have a SEMH resources lending library based at Lewis Street Primary School filled with books, interventions and resources for schools to borrow for free for half a term.

Package of CPD:

- Strategies to support SEMH needs within the classroom
- Introduction to Attachment Theory
- Using nurturing interventions to support emotional development
- Assessing SEMH needs
- Ready for school: promoting positive behaviour in EYFS
- Key speaker events; bespoke INSET and staff meetings, training for teachers, support and welfare staff.

Support available

Pupil Interventions: We cover self-esteem, anxiety, social skills, managing anger and early play. We will support you in completing relevant assessments to show impact and leave staff with a follow-up cycle of lesson plan ideas. All of our interventions can be tailored for EYFS, KS1 and KS2

Prince's Trust

The Prince's Trust helps 13 to 30 year-olds who are unemployed or struggling at school to transform their lives. More than three in four will achieve a positive outcome, moving into jobs, education and training.

Many of the young people we help are in, or leaving care, facing issues such as homelessness or mental health problems, or have been in trouble with the law.

Our free programmes give young people the practical and financial support they need to stabilise their lives. We help them develop key skills while boosting their confidence and motivation.

Our programmes support personal and social development through a range of activities which helps young people to build confidence, aspirations and resilience to enable progression into positive outcomes around education / training / employment.

The Prince's Trust, while not a specialist mental health service, does deliver programmes that support emotional health and wellbeing.

Project Gulf (GMP)

Project gulf is GMP Salford's Organised Crime Gang team, working under the 4 P strategies - Prepare, Prevent, Protect, Pursue.

As part of the PREPARE strategy we map Urban Street Gangs.

GULF also contains the School Engagement Project and Operation Sycamore - tackling knife crime in 10-24 year olds.

Project GULF can offer support to:

- Parents of youths involved in gangs, including CSE and CCE concerns
- People concerned in relation to specific cases of Cuckooing, Modern Slavery or Vulnerable Adults due to gang related activity.
- Persons suffering due to Gang Behaviour.
- People in gangs who wish to have support to leave.
- Schools where they feel they may need police support with Gang Cultures in schools.

We also will take any intelligence reports to ensure we are dealing with intelligence safely with regards to gang activity, child criminal exploitation, child sexual exploitation, cuckooing, modern Slavery etc.

Rio Ferdinand Foundation

Rio Ferdinand Foundation works collaboratively with young people and communities to deliver progression pathways aimed at ensuring young people are socially mobile, empowered to be independent and take control of their lives and achieve their full potential.

Our work delivers under four strategic pillars: Health & Wellbeing, Safer & Stronger Communities, Sport & Social Inclusion and Skills & Training.

Current programme '**Worth My Wellbeing**' supports young people's emotional health and wellbeing at key transitional stages;

- Transitioning from primary to secondary (age 11)
- Adolescents (age 12-15)
- Age 16+

Programme includes creative workshops to build relationships and resilience, accredited youth-led social action and developing Ambassadors to shape and influence future mental health service and provision across Salford.

WMW is led by RFF and brings together partners 42nd Street, Reform Radio, SYA and Odd Arts.

Support available

Route 29

Route29 is an integrated service and approach to supporting adolescents with complex needs. The model combines a defined culture and practice with a range of services, support and accommodation options and a team of specialists working together. At the heart of the model is a residential Hub, which provides short-term placements and outreach support.

Route29 supports adolescents aged 12 to 18 who have complex needs and are in or on the edge of care, particularly those at risk of placement breakdown. This includes young people who are ‘edging to care’ - where there is a strong likelihood of progressing to edge of care without an intervention package in place.

Three categories of young people are eligible to be referred to Route29:

- 1. **Edge of care:** children and young people who are in imminent risk of becoming cared for without significant support. This includes young people who are returning to their parents or family network, who may need further support to safeguard them.
- 2. **Edging to care:** children and young people for whom there is a strong likelihood of them progressing to Edge of Care without an intervention package being put in place
- 3. **Placement support:** cases where a placement is highly likely to disrupt without intervention.

For young people aged 16 – 18, we offer an additional level of support to those who are placed at the Salford Foyer working together through keywork sessions to build on life skills and prepare for living independently.

Support available

- Help young people to:
- Reduce high risk behaviour
 - Build and restore relationships
 - Maximise opportunity for planned transitions
 - Support achievement
 - Develop self-esteem, self-worth and resilience
 - Ensure young people in crisis receive well-organised and appropriate support

Allocated keyworker to offer family support and direct intervention with Young Person.

- Operating 365 days a year
- Outreach Support Hours: 10am – 10pm
- Residential Care short term
- Bespoke Respite Opportunities
- 16+ Provision for up to 12 weeks

Age range

12 – 18 years

Salford Childrens Rights Service

The service provides information, advice and advocacy support to cared for children, children on child protection plans, child in need plans and young people’s plans. The service enables children to voice their views, wishes and feelings through the advocacy service and the Children in Care Council.

The service offer:

- Facilitation of the Children in Care Council (known as The Fight for Change Council) for children in care. Young people participate in a range of activities to influence city leaders regarding issues that affect cared for children.
- An Independent visitor service for Looked after Children, 11 to 18 years. The volunteer gives a long-term commitment to listen, guide and advise the young person during the positive activities they share together.
- An Advocacy service for Looked after children, young people leaving care, children on a child protection plan, young person’s plan and child in need plan. The advocate supports children and young people to; raise issues and concerns they are unhappy with, understand what is happening in their lives, make their views known and exercise choice when decisions are being made which may include making a complaint.

Support available	Advocacy, information, signposting, support
Age range	Main service: 6 – 18 years (up to 21 years if the young person has additional needs) Children in Care Council: 11- 18 years Independent Visitor Service: 11- 18 years.

Salford Connect (Complex Safeguarding Hub)

Salford Connect is a multi-disciplinary service made up of social workers, ACT workers, parenting worker, police, health specialists and transition workers. The team offer long term, intensive support to children, young people and their parents / carers at risk of, or are experiencing Child Sexual Exploitation, Child Criminal Exploitation or involved county lines.

The service offers consultations to social workers and other professionals and can be contact for advice and information. On request they might be able to offer briefings to teams, services and organisations along with their contribution to SSCB multi-agency seminars and training.

Support available:

- The social workers and ACT workers on the team will spend time developing a relationship with children, young people and their parents/carers using a strengthened based approach. Interventions will then be bespoke to the child / young person needs and personal goals.
- This work is support by the services parenting worker, nurse, speech and language therapist, CAMHS worker, Trusted Relationships Therapist and transition worker. Along with collaboration with the child/young person's social worker and other connected professionals and community opportunities.
- The police will investigate the exploitation and follow up disruption work, civil orders and the prosecutions of perpetrators.

Age range

Up to 17 years

Salford Family Partnership/Family Hub/Early Help

Salford Family Partnership Hubs are places in your local community offering services and support for families from different agencies in one building.

Our Early Help services are delivered to you by the Salford Family Partnership. We work together with partners to identify children and families who need help, support or guidance at the earliest possible opportunity.

The Salford Family Partnership enables families' to identify their own strengths and achieve positive outcomes for themselves. Some of our services are available to everyone but we also have some more specialised services to help some of our families in Salford.

Early Help Practitioners are based at your local hubs and they are there to support families. We use the evidence-based Salford Family Partnership Model to help you achieve positive outcomes. We can offer advice on child health, managing behaviour, sleep issues, feeding and more. We also work closely with other services and additional support can be offered with issues such as housing, finances, relationships and wellbeing

The range of services delivered through the Family Hubs includes antenatal and postnatal support, child health and health promotion, early help, relationship support, parenting support, youth provision, SEND provision (neurodevelopment pathway, early support, and portage), adult and child mental health support, inc. parent, infant mental health, living well, and emotional wellbeing.

Age range

Salford Early Intervention Team

The Early Intervention Service is a specialist service providing support to people aged 14 to 35 who have experienced a first episode of psychosis.

The Early Intervention Service aims to address problems at the earliest opportunity to reduce the impact on a person's quality of life.

The focus of the service is on ensuring that the needs of the service user come first. Each person will be encouraged to think about what 'recovery' means for them and what help they need to work towards this.

Working in partnership with the person and their family, the service will offer support to help them to work towards their unique recovery goals.

Support available

- Access to a range of 'talking therapies', including Cognitive Behavioural Therapy (CBT)
- Support for families and carers
- A range of social, leisure and therapeutic groups
- Access to medication and support with managing medication
- Support and advice about housing and benefits
- Support in getting back to school, college, university and work
- Support to establish social and leisure activities that are important to you

Salford Foundation: STEER

The STEER programme supports young people at risk of being involved in serious youth violence. Providing a free service to help young people gain the skills and attitudes to find legitimate alternatives to criminal activity. We want to build on their existing interests, skills, and aspirations by providing a 1-1 mentoring service.

The focus will be on early intervention and prevention looking at using positive activities to steer young people down a legitimate path helping to improve resilience, motivation and reducing risk-taking behaviours. Each young person will create their plan and set goals. They will also look to improve their social skills and develop coping mechanisms.

Sessions will focus on a range of issues specific to the individual, such as drug awareness and anger management. This will also run alongside positive activities building on existing interests and hobbies.

Young people will receive weekly 1:1 support from their mentor however additional support is accessible as and when the young person/family needs further help.

Support available

1:1 weekly mentoring support for young people

Age range

12-18 years: Young people aged 10-12 who are particularly vulnerable, and/or at higher risk may be referred to the programme, depending on risks factors.

Salford Housing Options Service

The service provides advice on how to access social housing through registration with Salford Home Search and private rented accommodation through a Rental Bond Scheme.

The service seeks to prevent homelessness in the first instance through liaison with current landlord, family addressing issues such as rent arrears by assisting with housing benefit claims, discretionary housing payment claims and referral to Welfare rights and Debt Advice where multiple debts are an issue.

Support available

The service can provide advice and information on housing needs and homelessness

The service is open Monday, Tuesday, Thursday and Friday 8:30am to 4:30pm, Wednesday 1:00pm to 4:30pm.

It is a sit and wait service – client presents and will be seen by a Housing Options Advisor.

Please note: Where clients has no accommodation available that night they will be seen same day but might have to wait several hours.

Salford Independent Domestic Abuse Support Service

Salford Independent Domestic Abuse Support Service (SIDASS) provides independent advocacy and specialised support to victims living in Salford.

The team offer advice and support on safety planning, crisis work, civil and criminal remedies, housing advice, finances, health issues and work with families to improve issues around child protection where domestic abuse is a prevalent factor. The victim is supported by a qualified Independent Domestic Abuse Advocate through a safety and support plan to improve their safety and encourage the best possible outcomes from other statutory and voluntary agencies.

SIDASS links into the council’s Sanctuary scheme which provides security equipment to homes to enable victims to feel safe and to stay in their own home.

Salford CAMHS for Cared for Children (Starlac)

Salford CAMHS for Cared For Children (STARLAC) is a multi-disciplinary team, including psychologists, psychotherapists, mental health practitioners and therapeutic social workers. The service provides an accessible and responsive mental health and emotional wellbeing service to Cared For Children and young people, their families, carers and significant adults in their lives.

The service provides a range of support to young people living in or outside of Salford depending on their circumstances, and will work with carers in fostering and residential care, including the private, voluntary and independent sector.

The service provides support to children and young people who are subject to Interim or Full Care Orders, Section 20, or Placement Orders.

In addition to responding to referrals, the service also provides an emotional health and wellbeing screening pathway for all Cared For children aged five and over. This is described separately in the directory under 'i-START'.

Support available

Mental health and emotional wellbeing support for children and young people in care, their carers, and the professional network supporting them. This includes: Assessment, therapy, consultations, family work and risk support.

Age range

0-18 years

Referral route

Social Workers: Submit STARLAC referral form on Liquid Logic to: mft.salford-camhs-caredforchildren@nhs.net

Salford Youth Justice Service (YJS)

The YJS works with children and young people from that age of 10 to 17 years who are at risk of becoming involved in the youth justice system or have received an Out of Court Disposal imposed by the Police or community or custodial sentence imposed by the Courts. To prevent offending and reoffending.

The YJS also offers a service to the victims of youth crime.

Support available

The YJS has a range of specialist staff to ensure a holistic approach to addressing the factors that have contributed to a child or young person becoming involved in anti-social behaviour or offending.

This includes a nurse, CAMHS, speech and language therapist, educational psychologist, substance misuse worker, Connexions Probation and Police Officer.

YJS staff will also work in collaboration with other professionals involved with a child / young person. In addition to delivering restorative interventions and programmes to address offending.

Age range	10 – 17 years
Referral route	To discuss referring a child or young person to YJS for prevention/diversion support please contact the service and speak to the duty officer

Working in partnership with young people, youth services provides a range of activities and opportunities to:

- Encourage and inspire young people to achieve their full potential
- Enable young people to gain skills and experience new challenges
- Creatively explore issues that are important to young people
- Support young people to make informed choices
- Involve young people in decision making at all levels
- Ensure young people's inclusion as active and valued members of their community

The team can provide support for young people covering a range of issues, including:

- Emotional support
- School attendance
- Anger management
- Building positive relationships
- LGBT support groups

The service is delivered across Salford in youth centres, schools and community spaces.

When your child starts school, the school nursing service takes over their care from their health visitor. The health visitor will give us your child's health records and they'll stay with us until your child is 19.

We'll help to make sure that children and young people with disabilities, long-term illnesses or other needs can receive extra support when they need it. If we can't provide the help ourselves, we'll put you into contact with someone who can.

School nurses are based in your local clinic / area and are accessible Monday to Friday between the hours of 8.30am and 5.00pm.

Support available Health promotion and education, emotional health and wellbeing support, health assessments, parenting and family advice, childhood injections.

Six Degrees

We are a Salford- based IAPT (improving access to psychological therapy)/ NHS Talking Therapies Service (step 2). We support individuals who are experiencing Long Term Conditions, including diabetes and COPD and we support people with common mental health issues, such as anxiety and depression.

We offer interpreters where required, but we are, also, able to offer sessions with bilingual Polish-speaking and Farsi-speaking practitioners.

Everything that we do starts and ends with the people we are seeking to help. This means that at every step of the way we focus on the individual and their needs. Our vision is to enable the communities we serve to achieve their best possible mental health and well-being.

Support Available

1:1 treatment session; Our treatments are based on Cognitive Behavioural Therapy. Sessions can be over the phone, virtual or face-to-face. Appointments are fortnightly.

Take Control Course; is designed to be a classroom style course to help patients learn techniques for dealing with their problems. It is trans-diagnostic and is based on Control Theory. TCC is a 6-session course.

SilverCloud; a computerised programme that allows patient to help themselves using online resources that use Cognitive Behavioural Therapy. Patient receives online feedback every fortnight from a practitioner with recommendations about content and reflections on any information shared through the portal.

Specialist Safeguarding Nurses (Route 29 / Complex Safeguarding)

Specialist Nurses work across both Route 29 and Salford Connect. They lead on and coordinate the health needs of young people identified as being at risk or potentially at risk of harm from complex safeguarding issues and/or who are on the edge of care.

The service aims to ensure that all young people and their care givers are given the opportunity to address their health needs.

Specialist Nurses can provide the following interventions:

- Assessment of overall health needs; including physical, emotional and mental health considering both current and anticipated needs
- Advice and guidance to achieve positive health and wellbeing including puberty, sexual health, healthy relationships, substance and alcohol use and sexual exploitation
- Assessment of health conditions that are more prevalent in children who are being sexually and criminally exploited
- Health promotion and education
- If Specialist Nurses cannot provide the health assessment and support themselves, they will put young people in contact with someone who can and make onward referrals

Specialist nurses offer a flexible approach based around the needs of young people offering assessments in their preferred setting i.e. home, school, health centre

Support available

Bespoke, time limited health interventions to young people who are open to Route 29 and Salford Connect teams.

The Think Family Approach enables the nurses to offer signposting and support to parents/care givers in relation to their own health needs where required and when appropriate.

Age range

10-18 years

Speech and Language Therapy

The Speech and Language Therapists and Communication Development Workers offer input, advice and training to families, carers and people who work with children to support children and young people's speech, language and communication skills

Some of the people we help:

- New-born babies with feeding or swallowing difficulties
- Pre-school children who have difficulties with development of communication / speech / language and feeding.
- School aged children whose communication difficulties are affecting their education and/or social development
- Children who stammer
- Teachers who want to know the best way to support children with communication difficulties in their classrooms

Good communication is key to management of behaviour and by knowing what a child understands, appropriate behaviour management is facilitated.

Children with communication difficulties can have difficulties in expressing themselves and this can lead to inappropriate behaviour / frustration and poor self –esteem.

Support available

Therapists will work with families carers and education staff to provide direct therapy as well as support, advice, training and onward referrals as required

Age range

0-18 years

Start in Salford

Start in Salford exists to nurture those talents and bring about a newfound confidence in those who feel isolated or excluded. With our help, members learn valuable new skills and their stories are truly inspirational.

From our centre at Brunswick House, members have access to some excellent facilities, including art and media studios, craft workshops and gardens.

It is here that professional tutors bring out the best in our members, so that they can grow in confidence, build self-esteem and become valued contributors to the wider community.

Start Youth Arts can help you learn new skills, change your perspective and grow in confidence. If you're feeling excluded from society or having trouble at school, it can seem like everyone just wants to shut you away.

Through our series of artistic workshops, you'll pick up new life skills and be guided back into mainstream education, vocational training or employment. All our workshops are given in a supportive and friendly atmosphere and geared towards your specific needs.

Strengthening Families

Strengthening Families supports which provides intensive early help for parents who have had at least one child taken into care. Strengthening Families provides support in three different pathways ;

- Pathway A - post proceedings
- Pathway B - pre-birth pregnancy support (pre 20 weeks)
- Pathway C - post birth family support

Support available

Support in Pathway A is available for a maximum of two years and supports parents during the weeks and months after their child has been taken into care

Pathway B supports parents who are expecting a child and works intensively with them to support them to grow their parenting skills

Pathway C supports parents for five years, from after their baby is born until their child begins school. The team support parents to develop their parenting skills as their child grows and their needs change over time and help them get the advice and services many families need

Age range

Parents of children aged 0 – 5 years

The Lowry

The Lowry's '**Arts For Social Change Programme**' works with vulnerable young people within Salford using the creative arts to build confidence, transferable life skills, promote wellbeing and improve employability prospects.

We work with NEET young people, cared for children / care leavers, young carers, young parents, young people experiencing or at risk of homelessness and young people with mental health and wellbeing challenges.

We work with a team of highly experienced arts engagement practitioners and artists with vast experience of working with vulnerable young people. Using visual and digital arts, music, drama, dance, film and theatre we aim to reach the most in need young people and enable them to access positive opportunities that increase their life chances.

Our YES (Youth, Employability and Skills) programme provides bespoke creative and work-based learning opportunities for targeted young people. These opportunities range from first access visits such as backstage tours through to longer term work placements. We focus on personal development, building skills including confidence, communication and future planning. Individual placements are available for young people who are not in employment, education or training or at risk of disengagement from education.

Support available

- Access to regular creative workshops/ programmes
- Access to pastoral support
- Bespoke one to one creative programmes / support
- Access to Arts Award qualification
- Work placements for NEET young people

Age range

11-25 years

TLC: Children and Young People Who Use Harm Project

The Children and Young People Who Use Harm Project provides support for young people who have started to struggle with their behaviour in their own relationships.

Young people who are engaging in harmful behaviour with parents, carers or other members of their family need careful and considered intervention to address this as soon as possible. The service allows them to work with a caring and non-judgemental professional who can help them become aware of their behaviours and begin to form positive relationships with others.

The service can provide a safe and confidential space to talk openly about what they're going through, provide support with their experiences and concerns and identify harmful or unhealthy relationship behaviours.

The project will support young people to have:

- Improved insight into their own behaviour
- Improved relationships with members of their family
- Increased emotional wellbeing
- Improved ability to cope with feelings of anxiety, anger or depression
- Reduced problematic behaviours
- Increased educational attendance and attainment

Age range

14-19 years and displaying unhealthy behaviours in their relationships *(If you would like to refer someone aged 11-13 or 19-21, please contact us for more information)*

Virtual School

We are a statutory service providing advice, training, guidance, support and challenge to schools, social care teams and other professionals relating to the education of Looked After Children. We also offer an advisory service for children who were previously cared for and are now adopted or subject to an SGO or a Child Arrangement Order.

We offer specific support and advice regarding exclusions, and work with schools to encourage a trauma informed approach to supporting children and young people.

We also ensure that schools are providing additional support required and using the additional funding allocated to them to improve outcomes.

Our [training](#) offer is broad, and we co-deliver training with our Educational Psychology team. We offer a mixture of published and bespoke training.

Support available

- Consultancy for education, social care and other professionals surrounding all aspects of the education of Looked After Children
- Advocacy for Looked After Children relating to school placements and exclusions
- Training around trauma and attachment
- Bespoke training programme for schools around individual children's needs
- We commission Speech and Language Therapy and Education Psychology so that we can provide a rapid referral into those services for Looked After Children

Age range

School age

Young Fathers Project

The project works with young men who are fathers, expectant fathers, or acting as fathers in a family unit, aged up to 25 years old and live in Salford.

The project meet up with the young man once they are referred in, often in their own home and carries out a youth work based assessment to ascertain where the young person is up to in relation to involvement with their child/ren, education, training and employment, experiences of children if they are expectant, support, benefits, housing and relationships.

The project discusses breastfeeding, offers support in giving up smoking, access to contraception and looks at what kind of support the young person would want from the project.

Most of the work with young men is one to one, but the project also runs several young parents groups, in Children's Centres, alongside their workers, offers dads and kids and mums and dads kids trips out, and delivers bespoke sessions with young men (and their partners if relevant,) around relationships, dealing with anger, anxiety and domestic abuse.

In addition, the project offers activities and day trips for young fathers and their children to attend

Support available

The support offered covers issues such as coping with being a father, benefits, housing, relationships, education and training, and wider services for parents.

Age range

Up to 25 years old

Referral route

Professional referral – service accessed via social services, Youth Service, ante-natal services, community midwives, Youth Offending Teams, teenage pregnancy team, schools, and Connexions.

The Proud Trust – Afternoon TEA

We're a cool, quirky group of young people who come from all walks of life.

What we all have in common is that we're trans or questioning our gender identity. If you're 13-25 and trans or unsure about your gender, we'd love you to join us!

Being trans means feeling like your gender is different from what you were told when you were born, (usually an M or an F on your birth certificate). Some people feel like boys, some feel like girls, and some feel like something else – maybe a third gender, or none, or a mix between the two. All of these are trans identities if they differ from what others expect you to be.

Going to a new place and meeting new people is often scary. We can't change that, but we can promise that we're really friendly and will make you feel welcome.

Some of the things we like to do:

- Arts & crafts
- Serious discussions
- Chill out and chat
- Design posters and resources for schools, doctors and others
- Support each other through difficult patches
- Swimming

When: 2nd and 4th Sunday

Salford LGBT+ Youth Group

A **FREE** youth group for young people aged 11-19 years who identify as LGBT or who are questioning their sexuality and/or gender.

First and foremost it's a social group, a place to make friends, but we also take part in lots of events like Pride, IDAHOT, LGBT history month and go on trips and visits.

We will support any young person that identifies as Lesbian, Gay, Bisexual or Transgender.

Young people receive support from staff and peers looking at LGBT related issues. We explore issues surrounding sexuality and gender and do this so we become a support group for each young person. The group is a safe place for young people to explore their identity which can help them discover who they want to become.

T & Toast

ARE YOU AGED 13-17 & TRANS?

Salford's trans youth group is a monthly safe space for trans and non-binary young people.

3rd Sunday of Each Month

1:30pm - 3:30pm

This group provides a welcoming and safe place for trans and non-binary young people to engage with other trans and non-binary people in discussions on trans-specific topics.

Come and make friends, play games and activities, become a voice for trans young people in Salford, get answers to your questions, and learn and grow with other trans people in your community.

IS YOUR CHILD TRANS?

Is your child questioning their gender identity or expression?

Do you have questions about your trans or non-binary child?

Not sure what to say or do to best support your trans child?

Join Salford's support space for parents and carers of trans and non-binary young people.

Meeting on the third Sunday of the month, 1:30pm - 3:30pm this group allows parents and carers a supportive space to discuss any questions or concerns they have about their trans, non-binary, or gender-exploring child. Come and learn from experienced staff and parents, get answers to your questions, and learn and grow together with other parents and carers so you may best support your trans child.

Parent Groups

Are you passionate about parenting?

Salford City Council are looking for parents or carers who want to pass on their skills and experience to other parents within a group setting, in different locations throughout the city.

Our Health Improvement Service will help you to support other parents every step of the way, including training for group members, sourcing guest speakers and support with room hire costs and other expenses.

Lived experience of supporting children and young people with mental health issues and/or additional needs would be really helpful, but is not essential, as group members will support and provide advice to each other.

To find out more about this exciting volunteering opportunity to make a difference supporting others through the challenges of being a parent please contact the Health Improvement Service.

Place2Be is a children's mental health charity working with pupils, families and staff in UK schools. We provide mental health support in schools through one-to-one and group counselling using tried and tested methods backed by research. We also offer expert training and professional qualifications.

[Place2Be](#)

Mental Health Champions – Foundation programme

This **online children's mental health training** course developed from our work in schools, enhances professionals' understanding of children's mental health and introduces approaches that foster positive wellbeing in schools and communities.

Course covers:

1. Understanding mental health & wellbeing: We introduce factors that contribute to positive mental health and wellbeing.
2. Nature and nurture: We explore how early experiences shape the way we perceive ourselves and relate to others, and how those experiences create the pathways in the brain that support our development.
3. How can I help: We consider what a child's behaviour might be communicating about their underlying needs.
4. Mental health - everybody's business: We reflect on the importance of positive mental health for everyone with a focus on the adults around a child.

Aimed at

Qualified teachers and classroom-based (primary and secondary)

Primary Inclusion Team

Our team will work closely with primary schools across Salford to offer support using a holistic approach, with an emphasis on early intervention. We are a team of teachers and Learning Support Assistants (LSAs) who are all currently working with children who present with challenging behaviour in Salford schools.

[The Primary Inclusion Team](#)

Emotionally Based School Avoidance

Provides an understanding of emotionally based school avoidance, how it may develop and impact attendance at school, the best types of intervention approaches that have been shown to be most effective in supporting a return to school. It also introduces the new Salford EBSA support pathway, which advocates a multi-agency graduated and co-ordinated response.

The Royal Society of Public Health

Short Wellbeing e-Course

The Royal Society of Public Health have updated a short mental wellbeing e-course which is available via:

<https://rsph.gomocentral.com/content/8ff86d9843fbb1395c001ca3d3991c8268e6/web>

This e-Course is aimed at the population level primarily those who might not have any prior knowledge or need a refresher. It may be particularly relevant in communities are struggling to improve mental wellbeing and can help to facilitate messaging by place/community and address inequalities.

It is self-directed and individuals can access it on a mobile or laptop or similar. It takes about 30 minutes to an hour depending on how long an individual spends on it. It covers core information and uses engagement techniques e.g. quizzes, videos and upskilling e.g. breathing techniques.
